# HOW TO BE EMO

Do you want to be emo but you don't know how? Do your friends make fun of you because you're too basic? We will help you! People who are emo usually wear black clothes. They listen to sad emotional music like Lil Peep. Their life is full of pain. But remember, emo isn't about your looks, emo is a lifestyle!

Step 1: Look like an emo. Look for vintage, dark clothes and band t-shirts (but at least try to remember some of their most popular songs so people don't call you a poser). It doesn't matter if you're a girl or a boy. Dye your hair black, apply lots of dark eyeliner and nail polish. Consider getting piercings too. Wear a lot of accessories like bracelets, chains and belts. The best shop to buy emo clothes is Shein. It's cheap so everyone can afford it.

Step 2: Learn about the origins of emo. To be emo, you need to understand emo. Appreciate emo music. Tell the difference between emo and other subcultures. Emo sometimes gets confused with other similar subcultures and it's important not to get them mixed up. Be sure to know the difference between emo and goth.

Step 3: Act like an emo. Go to shows and concerts. Painting, making music, writing, and expressing yourself creatively are all important ways to participate in the emo subculture. Make your own clothes. Consider picking up an instrument. Be sad and depressed! The main rule is not to be yourself or others will bully you!
